Group Solidarity Microloans

Policy MF-GL-002 · Version 1.0 · 1 April 2026

1. Scope

Loans of 100 to 1,500 EUR per member, to groups of 5 to 10 women entrepreneurs who guarantee each other.

2. Group formation

The field officer meets the group, checks that each member runs an activity for at least 6 months, and records the members and their business plans.

3. Training

The group follows 4 training sessions on savings and repayment before the first loan. The field officer records the attendance.

4. Appraisal

The branch supervisor visits the businesses and checks the plans within 5 days. Each member saves at least 10 percent of her loan before the payment.

5. Committee

The loan committee approves the group loan. A member with a late payment in a previous cycle needs the vote of the whole group.

6. Payment and follow-up

The cashier pays each member. The field officer collects the weekly repayments in the group meeting.
